I request that payment of authorized insurance and other benefits be made on my behalf to Healthy Baby Essentials (HBE) for the products and services that they have provided for me. I authorize HBE to bill by insurance company for the equipment listed above and I agree to pay any copays or other charges not covered by my insurance. HBE will notify me prior to shipping of any listed copays. If, for any reason, my insurer denies the claims through no fault of HBE, I will be billed, and will pay HBE, for this pump. I further authorize a copy of this agreement to be used in place of the original and authorize any holder of medical information about me to release to HBE any information needed to determine these benefits or compliance with current healthcare standards including HIPAA. By signing below I acknowledge I have read and understand this notice. HBE is not the specific manufacturer of the breast pump options herein and therefore is not liable for the unanticipated malfunction of any pump. If, in the unlikely instance a breast pump does not function for its intended use for any reason, you can contact the manufacturer of your chosen pump and request a replacement pursuant to the specific warrant of that pump, as applicable.

* Lansinoh Smart Pump connects with your phone or tablet via Bluetooth to automatically create a dated/time-stamped log of each pumping session. The log saves when you enter the amount of milk pumped from each breast. You can also track breastfeeding sessions, bottle-feedings, wet/dry diapers and baby's growth. All data can be exported for easy review by your healthcare professional. Also available through the app is a nominal fee subscription that includes 24/7 video call help w/IBCLCs.

You also have the option to upgrade your pump for an additional charge or find extra accessories to make your breastfeeding experience easier. Call our office at 888-495-7491 or e-mail referrals@healthybabyessentials.com to order.
